[Eddie Binion](#)

## PROFILE SUMMARY

Highly motivated young professional looking to join an intuitive and creative organization to develop business growth and impact. With skills across business, marketing, software engineering, and graphic design, I am looking for a growth-focused opportunity to utilize my diverse skillset in a team-based environment while continuing to build my skills and values for my employer and community.

## TECHNICAL SKILL

HTML5      CSS3      React.js      jQuery      Netlify  
Javascript      Node.js      Github      SQL      Rest API's

## EDUCATION

**BA in Computer Science and Science**

Trinity Christian College, Chicago, IL  
2015 - 2020

## WORK EXPERIENCE

### Web Developer

2022

#### **Preferred Risk Insurance Chicago, IL**

- Executed PRI's ticketing system promptly and efficiently at a level that exceeded expectations of managers, leadership and other departments, utilizing strong interpersonal skills to ensure requests and needs were clearly understood and delivered upon.
- Maintained 20 existing websites across 15 affiliated companies using ASP.net, the MVC framework, Visual Basic and C# across to ensure brand and business consistency and fully functioning websites.
- Developed 2 websites using ASP.net, React and the MVC framework, Visual Basic and C# as PRI expanded its business lines and direction.
- Completed regular training within department and cross-departmental in order to stay informed of and responsive to the needs of the business.

### Leasing and Marketing Assistant

2021

#### **Chicago Apartment Place Chicago, IL**

- Provided administrative support to Leasing Manager and clients during all points of transactions, contracting, and renewals, leading to a 20% decrease in time required to close a contract.
- Managed social media platforms including Instagram, Facebook, and Youtube ads to increase residency rates across company's more than 50 properties across Chicago.
- Completed daily clerical responsibilities to ensure office management was executed successfully.
- Designed marketing collateral and content for residential and commercial properties to build awareness of vacancies, amenities, and leasing opportunities.
- Provided multiple tours for prospective clients that helped lead to an increase in tenant rates across all properties.

### Technology and Marketing Specialist

2021

#### **mwseq Chicago, IL**

- In this young startup, prototyped, designed, developed, and tested new mwseq™ website as company prepared to go to market with its products for musicians and managers.
- Developed and executed digital marketing strategies including social media, web design, content, public relations and investor relations to prepare the company to go to market and scale.
